

INTERPIPE

EXPERT PIPE SOLUTIONS FOR INFRASTRUCTURE PROJECTS

SOLUTIONS FOR CHILLED WATER
AND FIRE FIGHTING SYSTEMS

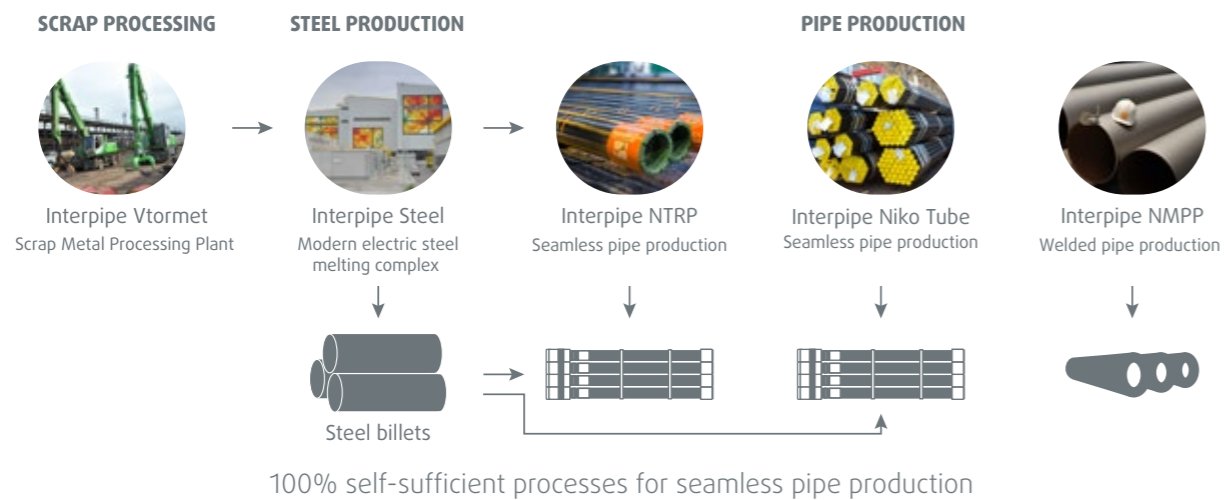

INTERPIPE — GLOBAL STEEL PIPE PRODUCER

Interpipe is a global producer of steel pipes for all major fields of application – oil & gas exploration and transportation, power generation, mechanical and structural use.

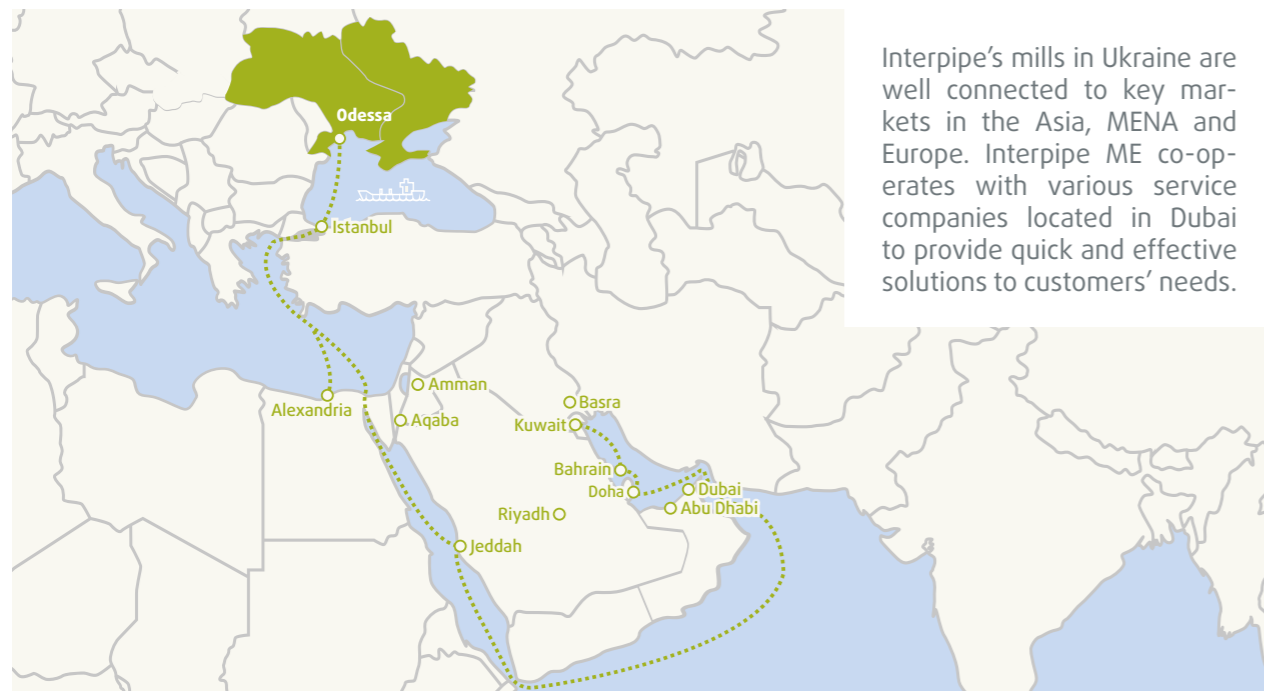

We supply pipe products to more than 80 countries in the world through a network of sales offices in Ukraine, Russia, Kazakhstan, Europe, the USA and the Gulf.

VERTICALLY INTEGRATED BUSINESS STRUCTURE

Interpipe has a vertically integrated business structure, which includes 5 highly efficient mills. This structure allows the company to control product quality at every stage, from steel production to the delivery of final products to customers.

FAVOURABLE LOCATION AND COMPACT LAYOUT OF PRODUCTION ASSETS

Interpipe's mills in Ukraine are well connected to key markets in the Asia, MENA and Europe. Interpipe ME co-operates with various service companies located in Dubai to provide quick and effective solutions to customers' needs.

INTERPIPE — PREMIUM SUPPLIER OF SAFETY PRODUCTS FOR FIREFIGHTING, CHILLED WATER AND AIR COOLING SYSTEMS

Interpipe is a well-known brand among MEP, EPCs & end-users, as the company produces a wide range of pipe products for fire fighting, chilled water and air cooling systems as well as water and natural gas distribution applications in compliance with international standards:

API 5L	ANSI B 16.9	EN 10305/DIN 2391
API 5CT	EN 10220/DIN 1629	EN 10219
ASTM A53	EN 10216/EN 10297	ISO 9001
ASTM A106	EN 10210	Lloyds Register
ANSI B16.4	EN 10255	OHSAS 18001:2007
ANSI B 16.3	EN 10297/EN 10294	DNV

INTERPIPE — THE FIRST & ONLY EUROPEAN MANUFACTURER WITH UL CERTIFICATION

In December 2015 Interpipe received UL certification, becoming the first and only European manufacturer to have such approval. It allows to provide customers high quality pipes for fire fighting.

License number for Interpipe Niko Tube: 20151120-EX26907

License number for Interpipe NTRP: 20151120-EX26779*

Certificated range of steel sprinkler pipes according to UL

INTERPIPE — STRONG EXPERTISE IN INFRASTRUCTURE PROJECTS

Interpipe has extensive experience in production of pipe products for civil construction, water and gas distribution applications, the production of fabricated metals and mechanical engineering use. High profile projects include:

STRONG EXPERTISE IN GCC MARKET

DOHA GRAND PARK

A two million square meter park in Qatar's capital complete with public swimming pools. Interpipe pipes are installed in the fire fighting system in the underground parking complex.

DOHA LAND

Interpipe supplied line pipes for chilled water and fire fighting systems in the district Doha Land, Qatar. Our products are produced in compliance with ASTM A53.

DOHA CONVENTIONAL CENTER TOWER

The Doha Convention Center Tower is a 551 m skyscraper currently under construction. It is shaped like a tapering and will house offices, apartments, a hotel and penthouse residences. At the very top, a private club will occupy a 60 m high glass cylinder. Chilled water system of building is constructed from Interpipe pipes.

WORLD TRADE CENTER, DOHA

Commercial office tower in the main business district area stands 241 meters, and features 43 levels of office space, 4 floors of executive offices, 4 floors of car parking space. The tower also has a multi-purpose auditorium with 523 fixed seats, a multi-purpose hall and 1,646 square meter conference rooms. Interpipe provided seamless pipes for fuel system.

NEW DOHA INTERNATIONAL AIRPORT

The hub of Qatar Airways is a 22 square kilometre facility located to the east of the Doha International Airport. Interpipe supplied seamless pipes according to ASTM for construction of chilled water and fire fighting systems of New Airport.

QATAR FOUNDATION

Qatar Foundation for Education, Science and Community Development is a private, non-profit organization that supports and operates programs in three core mission areas: education, science and research, and community development. New fire fighting and chilled water systems are constructed from Interpipe pipes.

STATE AUDIT BUREAU HEADQUARTERS

State Audit Bureau Headquarters in Doha has three basement levels, a ground floor and 31 additional floors. We shipped seamless pipes for fire fighting system in towers.

MALL OF QATAR

The new huge shopping centre in Al Rayyan, Qatar — is 160,000 square meters. Mall of Qatar constructed as part of the country's preparation for the 2022 FIFA World Cup.

Interpipe shipped seamless pipes, between 1" and 14", for a chilled water system in accordance with ASTM A53.

WORKERS HOSPITAL AND INTEGRATED HEALTH CENTRE QATAR

Built-up area totals 61,747 m². The hospital has capacity in 120 beds for workers and immigrants in Doha.

Interpipe supplied pipes for the chilled water systems.

INTERNAL SECURITY FORCES CAMP IN DUHAIL

The project features a great number of buildings associated with military use and other additional facilities designed to provide support for both administrative and recreational activities.

Interpipe has shipped seamless pipes for the chilled water systems.

INTERPIPE PROVIDES BROAD PRODUCT PORTFOLIO OF STEEL PIPES

- Sizes which can be produced by ASTM A106/A53
- Sizes which can be produced by ASTM A106/A53/API 5L
- Sizes which can be produced by ASTM A106/A53 only with special agreement
- Sizes aren't produced

FIGHTING COUNTERFEITS

Interpipe, premium supplier of pipe products for MEP sector has become a member of the Association of Manufactures to fight fake products. Together with other global companies we are fighting against the negative effects of fake products in the GCC market. Interpipe believes that:

Fake products threaten GCC safety:

- Fake product is the reason for unpredictable accidents or industrial disasters.

Fake products can destroy a company's reputation:

- Fake producers never address a claim.

REGISTERED TRADEMARK IN UAE

Interpipe has recently registered its trademark in UAE. Registration number is 228228 from 03/03/2015.

During 2016 Interpipe is focused on registration of trademarks in Saudi Arabia and Qatar.

IDENTIFICATION OF INTERPIPE PIPES

Interpipe's products are supplied worldwide under the logo of the mills producing pipes. They are always accompanied by a mill test certificate in accordance with the international standard EN10204:2004/3.1.

The pipes produced at Interpipe include the name of the certificate and the license numbers as follows:

INTERPIPE
NIKO TUBE

INTERPIPE
NMPP

INTERPIPE
NTRP

Names of the certificates and the license numbers as follows are used on Interpipe pipes:

Interpipe Niko Tube:

API N° 5L-0409, API 5CT-0535, ISO 9001:2008

Interpipe NTRP:

API N° 5L-0289, ASTM A106, ASTM A53, API N° 5CT-0381

Interpipe NMPP:

API N° 5L-0304, OHSAS 18001:2007

CHECK THE COUNTERFEIT

The methods of identification listed above are to enable buyers to identify counterfeit products from genuine Interpipe products.
